

Join the Associate Faculty Coalition!

The Associate Faculty Coalition’s mission is to achieve equity for associate faculty at IUPUI by improving working conditions and the culture surrounding part-time faculty.

When you join the Associate Faculty Coalition, you indicate your support of the Coalition’s mission and the group’s efforts to achieve that mission. *You are not required or expected to attend meetings or participate in awareness-raising or other activities, but you are welcome to do so. No dues are required, but donations are welcome as the Coalition plans activities. The Coalition will not release or share individual membership information with anyone outside of the Coalition.*

To join, simply fill out the information on the tear-off portion below and return it to any Coalition member. You may leave the slip in a Coalition member’s mailbox in CAV 313 or send it via inter-campus mail to CAV 313 (mailbox numbers provided below). In addition, you may email any Coalition member your desire to join by providing your name, department, email address, and title.

Feel free to contact a Coalition Board Member for information about how to get involved. The Coalition is looking for associate and full-time faculty interested in serving on the board and committees or participating in other ways.

AdjunctMatters.org is the Coalition’s off-campus organization and a chapter of New Faculty Majority, a national adjunct faculty advocacy group. AdjunctMatters seeks to provide resources for part-time (adjunct, contingent) faculty in central Indiana. The site at www.AdjunctMatters.org is under development (we need a webmaster!) so please send ideas about what you’d like the site to offer.
